

**EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF THE CHIEF OF STAFF AND HEAD OF THE PUBLIC SERVICE**

REGULATORY AUTHORITIES AND AGENCIES REPORTING TOOL – MARCH 2026

To: All Chairpersons; and

All Chief Executive Officers of Regulatory Authorities and Agencies

Background

This Reporting Tool should be read together with:

- i. the First and Second Editions of the Regulatory Authorities and Agencies Reporting Tool which can be obtained on the Downloads Tab of the Chief of Staff and Head of the Public Service's (COS&HOPS) Website at www.headofpublicservice.go.ke.
- ii. the following Documents submitted to this Office by yourselves: (a) Initial Fact-finding Self-Assessment Tool; (b) Bi-Annual Reports already submitted in October 2024, March 2025, and November 2025.

The issuance of this Third Edition signifies the progression of the Campaign on the Revitalisation and Re-energisation of Regulatory Authorities and Agencies (RAAs) into a more advanced phase characterised by concrete and visible delivery, measurable outcomes, and observable improvements in the performance and service delivery of RAAs. This is in line with the mandate of COS&HOPS as set out in Executive Order No. 1 of 2025, which assigns, among other responsibilities:

- promotion of ethics, good governance, efficiency, and effectiveness in the provision of public services through the deployment of right skills, values, and leadership in the Kenyan Public Service;
- in liaison with Cabinet Secretaries and Principal Secretaries, oversight over the administration of all state corporations and established public entities, as well as facilitate the resolution of operational challenges and major policy concerns as escalated; and
- the overall effectiveness of the Public Service.

As has been consistently emphasised throughout this reforms journey, RAAs are critical instruments of national transformation, serving as guardians of standards, order, and accountability across the economy.

We are on course, and this exercise marks the next milestone in a structured and deliberate reform trajectory towards a high-performing, accountable, and citizen-focused regulatory ecosystem.

1. DETAILS OF REGULATORY AUTHORITY/AGENCY
